

Public Disclosure of Prudential Information in accordance with APRA Prudential Standard APS 330

This report has been prepared by the Traditional Credit Union (TCU) to meet its disclosure requirements under the Australian Prudential Regulatory Authority (APRA) Australian Prudential Standard (APS) 330 Capital Adequacy: Public disclosure of Prudential Information.

APRA is the prudential regulator of the Australian financial services industry. The fundamental role of APRA is to ensure the stability of the financial industry, primarily through the establishment and enforcement of prudential standards

Under APS 330, TCU is required to disclose information about its capital and risk exposure. These disclosures display the assets of TCU, their appropriate risk weighing and the capital base. Capital Adequacy is calculated as total regulatory capital base divided by risk weighted assets.

Table 1: Capital Disclosure Template as at 30 June 2019

TCU is applying the Basel III regulatory adjustments in full as implemented by APRA under APS 330. The amounts are based on the audited figures for the period ended 30 June 2019.

Table 2: Regulatory capital disclosure reconciliation as at 30 June 2019

As the scope for capital for regulatory purposes and accounting purposes is often different, locally incorporated ADIs are required to prepare reconciliation between the two bases of preparation. The below reconciliation contains the regulatory and accounting capital for TCU, which does not incorporate any consolidated entities and the principal activity of which is the provision of financial products, services and associated activities to members.
